For Spring Planting:

In this folder we list
Annuals

Chrysanthemum Plants

Gladiolus Bulbs

Rose Bushes

A Cordial Invitation

is extended to all flower lovers to enjoy our outdoor planting of Tulips, Narcissi, and other bulbous flowers, during the month of May. The display includes over 500 varieties. Again this year you will see the newest efforts of the Holland bulb hybridizers and can compare them with your old favorites.

If you wish to have some of these gorgeous flowers in your own garden, you will find that this display is an exceptional opportunity to study varieties and make selections. Our display grounds are flood-lighted for night display.

The Early-flowering Tulips and Narcissi are in flower during the first half of May. The Triumphs, a newer class of Tulips, are a gorgeous sight about the middle of May; and the late-flowering Tulips from the 15th to the last of May.

DAVID J. SCOTT

ESTATE

DONALD E. SCOTT, *Manager*

Descriptive bulb catalogue will be sent upon request.

Beautify your Garden . . .

with Annuals and Other Bedding Plants

Among the thousands of people who visit our Tulip display, many have asked for Annuals, no doubt having in mind that these would be of the same quality as our Tulips. It is our aim, in having a supply of these popular plants, to have not only well-grown plants, but plants of the varieties which are outstanding in the various classes.

Annuals are most appropriate to follow in the spaces occupied by Tulips and Daffodils, either where the bulbs are lifted or where they remain in the ground for another season's flowering.

We suggest that you look over our stock of Annuals, and other Spring bedding plants, at the time of your visit to see our Tulips.

Annuals

**Strong, stocky, transplanted plants in boxes,
25c per dozen, except where noted.**

AGERATUM.

Blue Ball. A beautiful dark blue bedding variety.

Purple Beauty. Large flowered, deep violet blue. In pots, 15c each; \$1.50 per dozen.

AMARYLLIS. Giant American Hybrids. In large pots, 75c each.

ANTIRRHINUM—Snapdragon.

A complete assortment of colors in medium tall garden type of Snapdragon. Transplanted seedlings in boxes.

ANTIRRHINUM. Two new varieties of exceptional merit "The cut and come again" Snapdragons for garden culture. Free flowering, erect and very sturdy. Plants in 2¼" pots, 5c each.

St. George. A new shade of orange-cerise which makes it absolutely distinct from other varieties.

Royal Rose. A deep rich rose color, truly a regal variety.

ASTERS

Crego and Giant Comet Types. Wilt-resistant. Very vigorous and free-flowering. Available in several separate colors or mixed.

California Giant Sunshine. These glorious new Asters are valued for their size and artistic form. Long narrow outer petals surround a large cushion-like center of tubular florets of a different color. 2½ to 3 feet high.

In the following varieties:

Alpenglow. Light purple with creamy yellow center.

Blue Moon. Bright light blue with amber yellow center.

Moonbeam. Snow white with a small center of soft orange.

Rainbow. Bright rose-pink, center of soft orange.

Stratosphere. Rich dark blue, lavender and a charming shade of orange in center.

NEW DWARF HYBRID ASTERS, HARDY (Perennial)

A distinct type of great value, particularly for the rockgarden, or for borders. This type is low and compact, densley covered with small daisy-like flowers; coming into bloom during August and continuing a mass of color throughout the fall. Height 10 to 12 inches. We offer two varieties.

Lady Henry Maddocks. Clear pale pink flowers.

Victor. Clear lavender-blue flowers.

Plants in pots, 25c each.

CALENDULA. Improved Sensation. Flowers very large, deep orange with scarlet sheen.

CANTERBURY BELLS. Annual. Choice mixed colors.

CHRYSANTHEMUMS. See separate list.

COMOS.

Sensation. New extra-large early-flowering type. White and pink shades, mixed.

Lady Lenox. Pink and white.

Orange Flare. An early-flowering, vivid orange.

DAHLIAS. Stocky plants in pots, 10c each.

New Coltness Hybrids. Dwarf single type, very free-flowering. Height 2 feet. Choice mixed colors.

Salbach's Improved Unwin Dahlias. Graceful semi-double flowers in many colors, mixed.

DELPHINIUM BELLADONNA. (Perennial) Continuous blooming delphinium of clear turquoise blue. One year old field-grown stock, 50c each. Seedling plants, 10c each.

DELPHINIUM. Hybrids. (Perennials) Beautiful selected stock of variegated colors. One year old field-grown stock. 75c each. Seedling plants, 15c each.

GERANIUMS

Good strong thrifty plants in six of the leading varieties.

Plants in 3" pots, \$1.75 per dozen.

Plants in 4" pots, \$3.00 per dozen.

Mme. Salleri. Compact low-growing Geranium with variegated foliage, suitable for edging flower beds and borders.

Plants in 2¼" pots, \$.75 per dozen.

Plants in 3" pots, \$1.50 per dozen.

GLADIOLUS are one of the most satisfactory flowers to grow. No other flower gives so much for so little effort. They hold an ever-increasing interest, not only for their beautiful coloring but also for their lasting qualities as cut flowers.

Of the many hundred Gladiolus varieties, we have selected a few of the most outstanding, including a wide range of colors.

No. 1 bulbs, separate varieties, 50c for 10; \$4.00 per 100.

No. 1 bulbs, mixed, 35c for 10; \$3.00 per 100.

HELIOTROPE.

Lemoine's Giant. Excellent large-flowering strain.

IPOMOEA. See Morning Glory.

LARKSPUR.

Blue Spire. Very deep violet blue.

Miss California. Pink shaded salmon.

White King. Pure glistening white.

MARIGOLD.

Crown of Gold. The first known marigold with odorless foliage. Flowers, a beautiful orange, fragrant. 2½ feet.

Harmony. A new dwarf French Marigold of bright golden-yellow bordered with rich maroon-red. Plants 12 inches high and very bushy.

Guinea Gold. Light, attractive orange color.

Yellow Supreme. Creamy lemon-yellow.

Tagetes Signata Pumila, Little Giant. A pretty little Marigold with slender fernlike foliage. A beautiful edging plant. 4 to 6 inches high with a spread of 8 to 10 inches.

MORNING GLORY—Ipomoea.

Heavenly Blue. This beautiful Morning Glory is now quite well known and is greatly admired. Plants in pots, Clark's improved early flowering strain, the finest in existence, 15c each, \$1.50 per dozen.

NASTURTIUM.

Tall Golden Gleam. Large double, sweet scented, golden yellow flowers.

Golden Globe. Dwarf type of Golden Gleam. In small pots, 5c each.

PANSIES. Assorted colors, in Baskets.

American Giants, 75c per basket.

Super Swiss Giants, 50c per basket.

PETUNIAS.

World Beauty. New double-flowering fringed Petunia of a most beautiful rosy carmine color. In pots, 15c each; \$1.50 per dozen.

"Private Stock". Single large-flowering dwarf fringed and ruffled varieties, mixed. In pots, 15c each; \$1.50 per dozen.

PETUNIAS. Bedding varieties. In pots, 10c each; \$1.00 per dozen. Also in boxes.

Celestial Rose, Improved. Beautiful rich satiny deep rose, unusually free-blooming.

Heavenly Blue. Light or silvery blue.

Rose King Improved. Large flowers of a bright rose-pink, with golden throat.

Snowball. A fine true white, profuse bloomer.

Snowstorm. A very showy large flower of pure white.

PORTULACA. Double flowers in mixed colors. Fine for low border effects.

ROSES. See separate list.

SALPIGLOSSIS. Extra choice large-flowering mixture of beautiful colors.

SALVIA.

Harbinger. A new early-flowering dwarf variety. Most desirable of the scarlet Salvias.

Blue Bedder. A compact plant, bearing deep blue flowers.

SCABIOSA. (Annual). Transplanted seedlings in separate colors and mixed.

SCABIOSA. (Perennial). Plants in pots.

Isaac House Hybrids. Flowers large and of beautiful form, ranging in color from light azure blue and lavender to deep blue and silvery white.

STATICE. Market Growers Blue.

TORENIA. Richly-colored Snapdragon-like flowers, of a delightful sky-blue with a touch of gold on the lip. Height 10 to 12 inches. Excellent for bedding.

<p>VINCA. Variegated hanging vine, for urns and porch boxes. Plants in 4" pots, \$3.00 per dozen.</p>
--

VERBENA. Choicest Giant - flowering Verbenas. Mixed colors.

VIOLAS. In pots, 15c each, \$1.50 per dozen.

Chantryland. A striking variety with lovely rich apricot blooms.

Arkwright Ruby. Rosy crimson with terra cotta shadings.

Avalanche. Glistening pure white.

VIOLETS.

Double Russian Violet. Perfectly hardy, sweet scented. Produces an abundance of flowers of rich, rosy purple. Plants in 3" pots, 35c each.

ZEPHYRANTHES. (Fairy Lilies). With grassy foliage, very pretty graceful flowers, growing about 10 inches tall, and blooming all summer. Take up in the fall before the ground freezes. Variety "Rosea", a beautiful rose-pink. Plants in 3" pots during may, 15c each.

ZINNIAS. "Dahlia Flowered", of medium height, very robust, bearing long stems of fully double huge flowers. In the following varieties:

Canary Bird. Delicate shade of primrose.

Crimson Monarch. Best of the red shades.

Dream. Fine deep lavender turning to purple.

Exquisite. Light rose with center of deep rose.

Golden State. Very rich orange-yellow.

Luminosa. Bright deep pink.

Scarlet Flame. Bright scarlet with a blending of orange.

ZINNIA "Lilliput". Small double flowers, fine for cutting. In Salmon-rose and in mixed colors.

ZINNIA. Chrysanthemum flowered "Fantasy"; a graceful new variety. In mixed colors.

Chrysanthemums

Hardy Early-flowering Varieties for the Garden

Among the late-flowering garden plants, Chrysanthemums are unquestionably becoming more popular each year. The flowers of most varieties are resistant to light fall frosts and the plants continue to produce a glorious mass of color until severely cold weather sets in. They are reasonably hardy—that is, a well-established plant is almost certain to winter through, whereas one with poor roots will not.

A light winter cover is advisable. As a covering of snow is the best winter protection, anything which tends to hold the snow will be of benefit.

Earliness in flowering is the most essential quality. From our extensive trials, we have selected and offer the following as desirable for garden planting.

We offer well established plants in pots of two sizes.

Plants in 2¼" pots, 15c each, \$1.50 per dozen.

Plants in 3" pots, which have been pinched and are branched, 20c each, \$2.00 per dozen.

Chrysanthemums

(Continued)

ALADDIN. Coppery bronze. Flowers continuously from early August on. Height about 30 inches.

AMELIA. See Pink Cushion.

ALBERT MULLER. Soft apricot, shading to light pink.

BARBARA CUMMING. A clear yellow pompon, shading to orange-bronze toward the center. Commences to flower in late August. Height 24 in.

CAVALIER. A single Chrysanthemum of rich vermilion-red. Very free flowering. Height 2½ feet.

EARLY BRONZE. A bronze-yellow pompon. Flowers freely from late August on.

FRANCES WHITTLESEY. Rich bronze and garnet flowers. Stocky low-growing plants. Commences to bloom in late September and makes a gorgeous showing during October, having the ability to resist considerable frost.

GRANNY SCOVILLE. Warm coral-bronze, large flower of beautiful form. Height about 2 feet.

GRENADIER. Large single flowers of bright crimson-red. Free-flowering.

GLORY OF SEVEN OAKS. A soft clear yellow pompon of medium height. Commences flowering in August.

JEAN CUMMING. A fine white variety with sulphur-yellow center. Flowers about September 15th. Medium height.

JEAN TREADWAY. A large full pompon of lovely pink, darker center. Of medium height, free-flowering.

JEWEL. The blooms, of a pleasing shade of bright lilac pink, are of the large button type. Commences flowering the latter part of September.

L'ARGENTEUILAIS. A showy, full flower of vivid red, with gold markings at the petal tips.

LOUISE SCHLING. Glowing salmon-red flowers of good size. Remarkably free-flowering.

OCTOBER GIRL. Pink shaded lavender. Very free-flowering. Vigorous in growth, and early.

PINK CUSHION. Also called Amelia. Earliest variety to bloom. A broad, compact, dwarf plant completely covered by pink flowers of varying shades.

PRINCESS. Very large early single white. One of the best.

RAPTURE. Medium-sized double flowers of deep orange-bronze with a suffusion of carmine.

R. MARION HATTON. Bright canary-yellow, flowering from late September on. Very free bloomer and resistant to frost.

SEPTEMBER QUEEN. An excellent early, pure white variety, flowering about the middle of September. Height 1½ feet.

TASIVA. Large pure white. Commences to flower in August and continues throughout the fall.

YELLOW NORMANDIE. Light yellow, of medium growth, flowering freely from late September on.

Korean Hybrid Chrysanthemums

This comparatively new race of garden Chrysanthemums is exceptionally hardy, free-flowering and easily grown. The flowers, in charming pastel shades, are valuable for artistic cut-flower uses, and very attractive in the garden.

APOLLO. Superb autumn color—a sparkling combination of bronze, red, and gold, suffused with glowing salmon. The single flowers, 2 inches across, are produced in immense sprays. Height 2½ feet.

CERES. A lovely combination of old-gold, chamois-yellow, and soft coppery bronze. Height 2½ feet.

DAPHNE. Described as an exquisite blending of Daphne-pink with an underlying sheen of lilac-rose. Prominent golden centers. The large single flowers carried in graceful sprays, are especially frost resistant. Height 2½ feet.

DIANA. Rose-pink, mingled with lilac-rose and soft salmon. Yellow centers. Height 2 feet.

HEBE. Lovely luminous pink with golden yellow center. Large, nicely formed blossoms in almost unbelievable quantities. Height 2½ feet.

INNOCENCE. A dwarf plant about 18 inches high, spreads about 2 feet, and is completely covered with single flowers, white on opening and changing later to an attractive soft pink.

MARS. Deep amaranth-red, changing to wine-red, overlaid with a velvety sheen; a striking color effect. Height 2 to 2½ feet.

Hybrid-Tea Roses

HARDY EVERBLOOMING

STRONG POTTED PLANTS

These are plants in active growth which can be immediately planted in your garden with the assurance that they will continue to grow and flower this season. Available in 6-inch pots. 75c each; \$8.00 per dozen.

BETTY UPRICHARD. Long pointed buds. Large open flowers of a delicate salmon pink, reverse carmine with coppery sheen. Very fragrant. Vigorous, bushy growth; profuse bloomer.

EDITH NELLIE PERKINS. An outstanding, vigorous and free-flowering rose. Long pointed buds of rich orange. Long lasting, double, fragrant flowers, salmon-pink inside of petals.

E. G. HILL. Full double flowers of dazzling scarlet, shading to a deeper red. Vigorous and free-flowering.

ETOILE DE HOLLAND. A most popular rose—a brilliant crimson red. Large, moderately double, fragrant flowers. Strong, vigorous grower and free-flowering.

FRAU KARL DRUSCHKI. Large buds and blooms of pure white. Growth very vigorous.

SOUVENIR DE CLAUDIUS PERNET. A real yellow rose. Long pointed buds of exquisite shape, and large fragrant flowers. Vigorous and free-flowering.

TALISMAN. One of the most popular roses. The long buds are bright yellow. The large fragrant flowers are a beautiful combination of apricot, gold and deep rose-pink. Very free-flowering.

CLIMBING ROSES

MARY WALLACE. The outstanding large-flowered pink climber. Very free-flowering.

PAUL'S SCARLET CLIMBER. A most popular climbing rose. Flowers large, well shaped, vivid scarlet-red, produced in clusters on long strong stems.
